

Fatima Sheikh

Senior Machine Learning Engineer

fatima.sheikh@example.com | +92 301 555 0212 | Lahore, Pakistan

PROFESSIONAL SUMMARY

Senior Machine Learning Engineer with 5+ years of experience building and deploying computer vision and NLP models in production. Deep expertise in PyTorch and TensorFlow, with a strong track record of taking models from research to scalable deployment on AWS.

EXPERIENCE

Senior ML Engineer, VisionWorks AI (2021-Present)

- Designed and deployed object detection models to production serving 2M+ daily requests on AWS SageMaker
- Built an end-to-end MLOps pipeline using Docker, MLflow, and Kubernetes for model versioning and rollout
- Led a team of 3 engineers on an NLP document-classification project, improving accuracy by 18%
- Co-authored a paper on efficient vision transformers, presented at a regional ML workshop

ML Engineer, DataForge Labs (2019-2021)

- Built and trained deep learning models for image segmentation using PyTorch
- Deployed models via Docker containers on AWS EC2/S3

EDUCATION

MS Computer Science (Machine Learning) — LUMS, 2019

BS Computer Science — LUMS, 2017
