

Sara Ahmed

Data Scientist

sara.ahmed@example.com | +92 301 555 0276 | Islamabad, Pakistan

PROFESSIONAL SUMMARY

Data Scientist with 2 years of experience in predictive analytics, NLP, and machine learning. Strong Python, SQL, and scikit-learn skills with working knowledge of PyTorch and cloud-based data workflows.

TECHNICAL SKILLS

Python, Scikit-learn, Pandas, NumPy, SQL, PyTorch, TensorFlow, NLP, Machine Learning, Statistics, Git, Docker, Power BI

PROFESSIONAL EXPERIENCE

Data Scientist | Insight Analytics | Islamabad | 2024–Present

- Built classification, regression, and NLP models for customer analytics.
- Developed feature engineering and model evaluation pipelines in Python.
- Used SQL extensively for data extraction and analytical datasets.
- Experimented with PyTorch for text classification and neural network models.

Data Analyst | Insight Analytics | Islamabad | 2023–2024

- Created analytical dashboards and automated data preparation workflows.
- Performed exploratory data analysis and statistical analysis using Python.

EDUCATION

BS Data Science — COMSATS University Islamabad, 2023 | CGPA: 3.31/4.00

SELECTED PROJECTS

Support Ticket Classifier — PyTorch, NLP, FastAPI

Customer Segmentation — Scikit-learn, SQL, Pandas

CERTIFICATIONS

Google Advanced Data Analytics Certificate
